Our Story

“Committed to the luxurious craft of leather,” best describes the artisans of Sol & Luna, a Spanish manufacturer and retailer which has become internationally known for its objects and furniture elegantly covered in leather.

In 2003, Sol&Luna was launched, focused on using leather to form a product line of sustainable goods combined with an unparalleled standard of excellence; only the highest quality materials are given to uniquely talented artisans and the result is the incomparable Sol&Luna collection.

Starting with simple items such as flasks, trays, and ice buckets, the collection then grew through experimentation in tables, chairs, armchairs, stools, desks, and coolers and has since included such extravagant pieces as bicycles a Vespa motocycles and even a Citroen 2CV automobile! At Sol & Luna the possibilities are limitless!

Seating

Sol&luna offers a wide range of handmade chairs, armchairs and stools covered in leather with hand stitching.

At Sol&luna we demonstrate the great versatility of leather, capable of adapting to any style of decoration.

The first chair we designed was the legendary Girón chair that has traveled around the world. A unique design that combines an iron structure and handmade leather covered seat.

Taking into account the great success obtained in both residential and contract sectors, we decided to develop new models.

Highlighting our claim “The Art of Leather”, we also offer a Collection of chairs completely covered in leather.

Today, we combine designs of seats, leg structures and different height and present a total of 13 seating collections.
