Our Story

Sol&luna's 20th Anniversary

“Committed to the Luxurious Craft of Leather,” best describes Sol & Luna. A Spanish manufacturer and retailer which has become internationally known for its objects and furniture elegantly covered in leather by our virtuous artisans.

In 2003, Sol&Luna was launched focused on using natural cow leather to form a product line of sustainable goods combined with an unparalleled standard of excellence. Nowadays, we use the highest quality materials given to uniquely talented artisans and the result is the incomparable Contemporary craftsmanship Collection.

Starting 20 years ago with simple items such as salt and pepper grinders, flasks, trays, and ice buckets, the collection has grown through experimentation in Seating, Deco, Tables, Tableware, Coolers and our newest Home in Order collection.

During all these years, we have launched extravagant pieces covered in leather such as bicycles, Vespa motorbikes and even a Citroën 2CV automobile or a Beetle car! At Sol & Luna the possibilities are limitless!

Sol&Luna boutique continues to please clients from its location in the famous Barrio de Salamanca Shopping District in Madrid and in order to meet the growing international demand; Sol & Luna objects are now available through exclusive retailers around the world.

From restaurants and hotels around the world, to yachts on the Mediterranean to villas in France to chalets in the Alps, the fusion of Spanish designs and Paraguayan craftsmanship yields rare objects which our clients enjoy in the world's most exclusive settings.

Your great support over these past years has allowed us to bring back the values and quality of traditional craftsmanship!

The Art of Leather

Sol&Luna's leather is completely natural and our products are hand finished made from a fine cow leather.

Great care is taken during the tanning process to retain the natural characteristics of the leather.

Examination of the finished product will reveal some variations of colour, graining and blemish marks from scratches sustained during the life time of the animal. All of which guarantee that each piece is unique.

Sol&Luna's leather is handmade and the tanning process is ecological, 100% Vegetable leather, 100% cowhide, handmade and hand sewn.

Seating

Sol&luna offers a wide range of handmade chairs, armchairs and stools covered in leather with hand stitching.

At Sol&luna we demonstrate the great versatility of leather, capable of adapting to any style of decoration.

The first chair we designed was the legendary Girón chair that has traveled around the world. A unique design that combines an iron structure and handmade leather covered seat.

Taking into account the great success obtained in both residential and contract sectors, we decided to develop new models.

Highlighting our claim “The Art of Leather”, we also offer a Collection of chairs completely covered in leather.

Today we combine designs seats, structures/bases and different seat heights offering 13 seating collections.
